innovate.

THE PRESI SIGNATURE. ALL AROUND THE WORLD.

POWERFUL. RELIABLE. EFFICIENT.

The latest generation of manual polishing machines

MINITECH, the latest generation of manual polishing machines **BY PREST**

FREQUENCY INVERTER

« Inverter » technology which controls the three-phase motor :

• 2 directions of rotation

Innovation.

Width: 510 mm

Depth : 810 mm

Height: 330 mm

Weight : 35 kg

Compliance

CE

Equipped with platens from Ø200 to 300 mm, the new range of MINITECH manual polishing machines has the most advanced technologies.

Unrivaled motor power.

Thanks to a motor power from 750W to 1500W, the entire PRESI experience is condensed in this most complete range on the market.

Reliability.

User-friendly, reliable and robust, MINITECH provides a simple answer to all needs.

Robustness and character.

With its affirmed style and edged lines, this new range is distinguished by its new design with an easily recognizable sleek and refined carbon look.

Accessories 100% compatible with the older generation of MINITECH

Large touchscreen

- 7"TFT LCD color display, 16/9
- Ergonomic and intuitive user interface

Easy maintenance

Removable over-bowl easy to

Many features:

- Sprinkling

- Drying

- Speed and direction of rotation

- Practical
- Duration of the step (counting and countdown of time)

- Gives exceptional power to the platen
- Ultra-precise speed variation
- Constant torgue and speed whatever the applied load
- Progressive acceleration and immediate stop
- Thermal security in case of prolonged overload

A multi-jet ramp with flow control cools the platen evenly and reduces water consumption.

ENGINE POWER

The machines are equipped with powerful motors controlled by frequency inverter.

Emergency stop button

Convenient and quick access to the machine emergency stop button to immediately stop its operation.

• Memorization of 6 polishing programs • A gauge displays in real time the pressure applied on the platen • Parameters can be changed during the polishing cycle
