

WORKSHOP

Low-flow HPLC in proteomics

Date: **24. 4. 2024**

Special guests:

Robert van Ling (Thermo Fisher Scientific)
Karel Harant (BIOCEV)

Place:

**Pragolab s.r.o.
Nad Krocínkou 55
190 00 Praha 9**

AGENDA

9:30

Opening session, introduction — low-flow systems

- Vanquish Neo and UltiMate 3000 RSLCnano systems in low-flow
- PepMap and MAbPAC RP columns (EASY-Spray and nanoViper)
- μ PAC Neo columns

12:00

Lunch break

12:30

Low-flow applications, columns comparison

- Single-cell proteomics
- Routine proteomics and label-free quantitation
- Deep-diving proteomics
- High Throughput proteomics

15:00

End of the workshop

If you are interested in participating, please contact us at:
snizkova@pragolab.cz / +420 603 503 886

We look forward to meeting you!
